

NECHAKO VALLEY EXHIBITION

Kids Container Garden

Entry Form

For children in grades 1-7. Plant and grow a garden in a unique container. Grow vegetables, flowers or both. There is no limit to the container size, except that the student must be able to carry it with only minimal assistance.

Warning: Please do not plant vegetables or fruit in rubber containers because they will leach chemicals into the soil and contaminate the plants.

Entries must be entered on Thursday August 19, 2010 from 5:00-8:00pm at the Plateau Building at the Exhibition Grounds. Students get a FREE DAY PASS to the 2010 Nechako Valley Exhibition for their entry.

Container gardens will be judged on HEALTH of the plants, ORIGINALITY of the container, and overall CREATIVITY and PRESENTATION of the entry.

Water your container thoroughly before bringing it to the fair. Please do not label your container with your name. We will tag it at the fair.

Entries are to be picked up on Sunday, August 22 at 4:00pm (no sooner).
